25X1A9a MEMORANDUM FOR: 

This is a much delayed thank you for taking part in our Personnel Conference last month. Attached is a transcript of the two days' proceedings. I am happy to say that we have received many favorable comments from the people who attended. Without exception, they were pleased that so many senior people, who were not in the Personnel business per se, found time to come. All were unanimous in the feeling that the success of the conference was due to the points of view and challenging ideas brought by you and the others on the program.

I, therefore, say thank you for all who were there as well as for myself.

Sincerely,

25X1A9a
